TRANSMITTER HUNT

The regular hunt was postponed, due to the July 4th week-end, and held last week-end July 10. KQG did the hiding and LUU, Derwin, found it first and tied in mileage with Ralph, THU. This was LUU's first hunt and he enjoyed it so much that he wants everyone to come out and find him. If you have a receiver in your car, come on out to South end Olmos Park July 17, at 1:30 PM and join the fun. Picnic afterwards.

After discussions pro-and-con several members of the emergency net tentatively agreed upon 145080 kc for 2 meter SARCEN.
